Forecast For West Midlands
Issued by Met Office Exeter
at 0400 on Monday 05 Jul 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Unsettled, with sunny spells and showers, and overnight heavy rain.

Today:
A mostly dry day, with a mixture of cloud and sunny spells. The odd shower remains possible. Later expect cloud building from the south, with the leading edge of a band of rain likely to follow by nightfall. Maximum temperature 20 deg C (68 deg F).

Tonight:
A band of rain, often heavy and with a chance of thunder, moving northeast through the region. Clearing partway through the night, but followed by showers, possibly heavy with thunder. Minimum temperature 11 deg C (52 deg F).

Tuesday:
An unsettled day, with sunny spells and scattered showers. Likelihood of showers increases through the day, especially in the west. Showers potentially heavy with a chance of thunder. Maximum temperature 20 deg C (68 deg F).

Outlook for Wednesday to Friday:
Wednesday and Thursday turning cooler, largely dry with sunny spells and showers, possibly heavy with a chance of thunder on Wednesday. Friday starting to turn warmer again, with variable cloud.
